Staff Report

Item # 3D

To: Lemoore City Council
From: David Wlaschin, Director of Public Works
Date: April 12, 2011
**Subject: 19th Avenue/Highway 198 Interchange Utility Relocation
Engineering Agreement**

Background

Caltrans has provided the attached utility agreement for the relocation plans of the water, sewer, irrigation canal lines and storm water retention basin at 19th Avenue and State Highway 198. This agreement is to allow Quad Knopf to prepare plans for those City utilities which need to be relocated to allow for the construction of the interchange. These utilities must be relocated before construction starts on the interchange. Caltrans is looking to bid the project in December 2011 and construction could begin in May of 2012.

Caltrans has been provided an estimate of engineering cost but they will pay actual costs up to 125% of estimate under this agreement.

Budget

Engineering cost of \$123,000 to be paid by Caltrans.

Recommendation

That Council approve Utility Agreement No. 6-1345.12 with the Department of Transportation dated April 4, 2011 and authorize the City Manager to sign.
