## **Staff Report**

Item # \_\_\_\_\_

**To: Lemoore City Council**  
**From: David Wlaschin, Director of Public Works**  
**Date: March 28, 2011**  
**Subject: Leprino Discharge Permit Agreement**

---

### **Background**

Working with Leprino Foods, Staff has completed a new discharge permit for Leprino. The permit is to allow for the increase of flow due to their plant expansion over the last year.

The permit allows Leprino to upgrade their flows and discharge limits to be more in line with operations as they are today. The permit also discusses future expansion requirements and costs to be paid for services.

The permit has taken some time to finalize but both City Staff and Leprino believe this is a good representation of discharge needs and requirements.

### **Budget**

Possible impact if secondary discharge occurs but revenue received would off set the costs.

### **Recommendation**

It is recommended that Council approve the attached Discharge Agreement with Leprino Foods and authorize the Public Works Director to sign.
