**Subject: Community Based Transportation Planning Grant**

---

### **Discussion:**

In March 2011, the City applied for a Community Based Transportation Planning (CBTP) grant through Caltrans. This grant was awarded to the City in July 2011 in the amount of \$83,230 and will pay for the engineering of the Cinnamon Drive Widening and Canal Undergrounding Project.

The grant requires that a resolution be passed authorizing the City Manager to execute the grant agreement and all other necessary grant related documents. Resolution 2011-37 is attached.

### **Budget Impact:**

This Community Based Transportation Planning grant has a local match requirement of \$9,185. This match money was originally anticipated to come out of the 2011 RDA bond proceeds, but it will be paid out of Streets and Thoroughfares East Side Impact Fees pending reimbursement from the RDA when the RDA can get back in business.

### **Recommendation:**

Staff recommends that City Council approve Resolution 2011-37, which authorizes the City Manager to sign the grant agreement and any necessary grant related documents for Community Based Transportation Planning Grant.
