APPROVAL OF MINUTES:

The Minutes from the September 28, 2011 meeting were approved.

DISCUSSION:

Rich reported that play has been good due to the weather. The course will require more water in the spring unless we start getting some rain.

Junior Linkster begins in March and will continue every Saturday until October.

Mark is still working on the 2012 program for the Captains Cup. He got great feedback from those that participated in 2011. He's not sure of the format for this year. After considering a change, players voiced their preference for the original format. He's thinking of maybe having two events this year.

Mark also stated that he may start a "MWR Golf Club". This would allow him more flexibility in eblasting etc. Mark, Rich and Ruben discussed various ways the Navy personnel could establish handicaps. NCGA may work with the base. Mark and Rich will follow up.

Rich is planning a Friday/Saturday military special on the 10th and 11th of February. Mark will help to promote the event.

Kelly stated the Ladies Club would like to see some work done on their tee boxes to even them out. She also requested Genaro and Rich take a look at the ropes and stakes on several holes.

Everyone agreed the course is in great shape considering the lack of rain. The greens are running pretty fast.

NEXT MEETING:

The next meeting was scheduled for Wednesday, April 25th at 4pm.

OTHER BUSINESS:

There will be 36 new carts coming in March to replace the Yamahas now in use.

UPDATES:

Signs were posted warning players not to retrieve balls from yards were place along Hole 14. The resident hasn't called back complaining.

The Men's Invitational held October 14th to 16th had a smaller than normal turnout but was very successful.

The hazard markers on 10 & 15 were recently repaired. Rich and Genaro will keep an eye on the markers, especially the water marker in front of the 10th green.

Several clinics have been and will be held on short game techniques.

ADJOURNMENT:

Meeting adjourned at 4:54 pm.
