Item 3E

**To: Lemoore City Council**  
**From: Lauren Apone, Administrative Analyst**  
**Date: January 27, 2012**  
**Subject: Support Letter for SB 250**

---

**Discussion:**

Senator Rubio has requested (see attached) that the City of Lemoore provide a support letter for SB 250, the California Reliable Water Supply Act. This bill is before the California Senate and would adopt an aggressive, yet achievable, schedule for implementing the Bay Delta Conservation Plan (BDCP).

The BDCP is “designed to achieve the co-equal goals of providing for the conservation and management of aquatic and terrestrial species, including the restoration and enhancement of ecological functions in the Sacramento-San Joaquin River Delta, and improving current water supplies and the reliability of water supply delivery conveyed through the State Water Project (SWP) and the Central Valley Project.” SB 250 will provide certainty that the BDCP will be completed by February 15, 2013 and that the construction of Delta facilities will be accomplished by December 21, 2025.

**Budget Impact:**

None.

**Recommendation:**

It is recommended that Council support the SB-250 and authorize the Mayor to sign the attached support letter.
