Staff Report

Item # _____

To: Lemoore City Council
From: David Wlaschin, Public Works Director
Date: June 26, 2012
Subject: Notice of Completion – Construction of Wells No. 13 and No. 14 – Zim Industries, Inc.

Background:

Zim Industries has completed the construction of Wells No. 13 and No. 14 west of Highway 41. This was the final phase of the Water Arsenic Project awarded in 2009. Well No. 13 is located on College Drive adjacent to our storm drainage basin and Well No. 14 is located on Pedersen Avenue at the southwest corner of West Hills College. The wells have been operational for the last month and the blending system is meeting the Environmental Protection Agency goals for arsenic.

Budget Impact:

Total construction costs are approximately \$1,015,000 for Well No. 13 and \$1,028,000 for Well No. 14 and are being paid from Federal American Recovery and Reinvestment Act (ARRA) Funds.

Recommendation:

It is recommended that Council approve the Notice of Completion with Zim Industries, Inc. for the construction of Well No. 13 and Well No. 14 and authorize the City Manager to sign.
