RE: ICI: Advanced Gangs

Mr. Britz,

Between the dates of February 13 through February 17 2012, I attended the ICI Advanced Gang Class in Sacramento, Ca.

During the week long training, we had to write an affidavit for a wire that was at least 30 pages long. We also had a court room set up and had a mock trial where we were the gang experts on the stand. We had direct and cross examination by a San Diego District Attorney. We also had training on outlaw motorcycle gangs and gang association warrants. On the last day of class, a drop out from the Vagos outlaw motorcycle club came and spoke with us.

Respectfully Submitted,

Inv. J. Henderson
