Subject: Golf Course

I am unable to attend the Council meeting. Please accept this email to voice my opinion that the City NOT sale the course to anyone. The lease option sounds to be the best option, seeing as the city will retain ownership. As long as the course is paying for itself, I cannot think of a scenario where selling is a good option.

Thank you

I will keep this short and concise. I am totally against the Tribe making this purchase as many of us live on the golf course and bought these lots purely because of the view. Rich Rhoades has done an excellent job at the course and should be given the opportunity to continue. All those wonderful workers....trust worthy...experienced....could lose their jobs with a takeover. If the Tribe can not give 100 per cent assurance that the land remains a golf course, I honestly don't even know why you would consider them. I would be there in person tonight, however a granddaughter's 18th birthday takes first place. Thank you for your kind attention to my view.

Sincerely,
