Dear Judy,

Attached are the Application for Permanent Signs Form, a rendering of the proposed sign cover and photographs. As we have discussed, Ramblin' Rose Florist is moving from our 242 Heinlen Street location to the former Leoni Pharmacy location (246 Heinlen Street) in the Odd Fellows building.

The existing sign (see photos) on the Odd Fellows building is a sign that is illuminated with tube lighting. We propose to change the plastic cover on the sign to read 'Ramblin' Rose Florist' (see attachment) and have the sign illuminated after our business has moved into the new location.

The Odd Fellows building has been in continual use with a barber shop and real estate office. In addition, the Odd Fellows membership conducts their meetings in the upper floors.

Finally, we would like to know the total amount of signage that will be allowed on our portion of the Odd Fellows building.

We look forward to hearing from you.

Thank you.

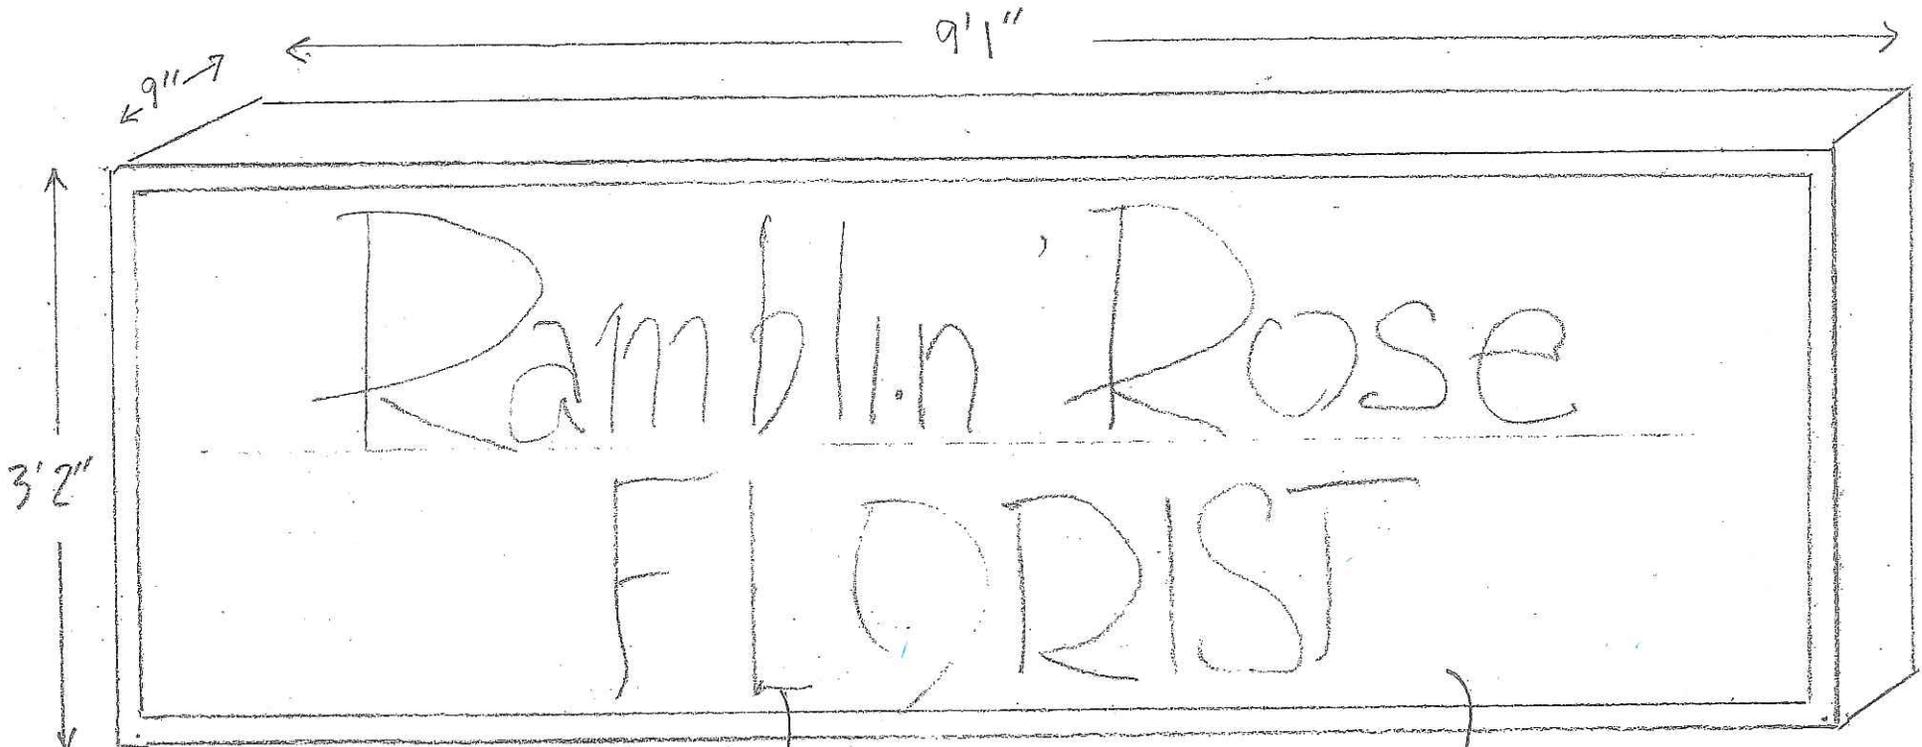

Best regards,

Chris Brazil
