

I, Yolanda Brewer, Records Technician at Lemoore PD, had the pleasure of attending CCUG Seminar Training in Sacramento on September 16-19, 2014. I was able to attend 6 classes, some of which consist of Missing Person System, CSAR Audit, and Public Records Act. These classes are essential to my job position, which updates our department in the most current procedures in order to complete CLETS entries and release reports complying with current laws.
