RE: SWAT TRAINING 07/21/15 TO 08/1/15

The purpose of this memorandum is to report that I have attended and successfully completed an 80 hours course in Special Weapons And Tactics. The course was from 7/21/15 to 8/1/15. I was trained in the following areas.

- 1) Deliberate building entries
- 2) Shoot no shoot situations at the range with live ammunition
- 3) Rappelling
- 4) Legal issues and case law as it pertains to SWAT team deployments
- 5) Flash bang deployment

This training will allow me to become a safer and more efficient SWAT team operator.
