MEMO

To: City Council, City of Lemoore

From: Joel R. Joyner, P.E., P.L.S.
Engineer of Work

Date: July 17, 2014

Re: City of Lemoore Public Facilities Maintenance District No. 1, Zones 1 – 6A

At your July 21st meeting, staff will be presenting the Engineer's Report for Public Facilities Maintenance District No. 1, Zones 1, 2, 3, 4, 5, 6, and 6A, and the Resolution of Intention to Levy Annual Assessments for Public Facilities Maintenance District No. 1, Zones 1, 2, 3, 4, 5, 6, and 6A.

Mailed notices and ballots are not required. The proposed annual assessments for each Zone are not more than the maximum amounts already approved by a majority of property owners in the Zone in property owner ballot proceedings conducted in accordance with Proposition 218 in 2006 (Zone 1), in 2007 (Zone 2), in 2008 (Zones 3 and 4), in 2012 (Zone 5), and in 2013 (Zone 6 and 6A).

The maximum annual assessments approved by the property owners in each Zone include an annual increase in the assessments according to the corresponding annual increase in the Employee Cost Index for total compensation for State and Local Government Workers (the "Index").

The levies for fiscal year 2015-2016 differ from Zone to Zone due to varying amounts of landscape and other improvements to be maintained, differing ratios between the amount of landscaping and other improvements, and the number of housing units responsible for the maintenance. Listed below by Zone are the current 2014-2015 levies and the proposed 2015-2016 levies. No new improvements are proposed for these Zones.

Zone	Areas Included	2014-15	2015-16
1	The Landing, Phases 1, 2, and 3	\$539.20	\$539.20
2	Liberty, Phases 1 and 2	\$676.56	\$676.56
3	Silva Estates, Phase 10	\$709.96	\$709.96
4	Parkview Estates	\$497.52	\$497.52
5	East Village Park	\$818.58	\$818.58
6	Heritage Acres	\$444.26	\$444.26
6A	Heritage Acres Phase	\$444.226	\$444.26

The Council does have the right to unilaterally reduce assessments if they choose, but cannot increase the assessments beyond the maximum unless approved by the owners in a new property owner ballot proceeding.

The public hearing will be scheduled for the City Council meeting on August 2, 2015. Notice of the hearing will be given by publication of the Resolution of Intention once, at least 10 days before the scheduled hearing date. Following completion of the hearing, the Council will consider all written and oral testimony received and decide whether to amend or confirm the Engineer's Report and the annual assessments, as proposed or as modified. Once confirmed, the assessments will be sent to the County Auditor-Controller's office to update the tax rolls.

Recommendation:

That City Council accept the Engineer's Report and pass the Resolution of Intention to Levy Assessments for Public Facilities Maintenance District No. 1, Zones 1, 2, 3, 4, 5, 6 and 6A.

Respectfully Submitted,

Quad Knopf, Inc.

INTRODUCTION

The City Council of the City of Lemoore adopted its General Plan with various elements to provide guidelines for orderly development within the community. The City Council further adopted ordinances and regulations governing the development of land providing for the installation and construction of certain lighting, landscaping, street paving, parks and appurtenant facilities to enhance the quality of life and to benefit the value of property.

The requirement for the installation of lighting, landscaping, streets and appurtenant facilities is a condition of development provided for in the City's Subdivision Ordinance and is a requirement for issuance of a permit for construction of commercial, residential, and planned unit development. Lighting, landscaping, streets and appurtenant facilities generally includes street lights, trees, shrubs, plants, turf, irrigation systems, local street paving, parks and necessary appurtenances including curbs, hardscape, monumentation, fencing located in public rights-of-ways, medians, parkways, and/or easements adjacent to public rights-of-ways, in and along major thoroughfares, primary and secondary arterials, and local streets as defined in the General Plan's Circulation Element.

The installation of street lights, landscaping and appurtenant facilities is the responsibility of the subdivider or other development/applicant, triggered by the approval of a tentative subdivision map or other development application. When on any given street of the approved system, a majority of the required landscaping has been provided, and it has been determined that landscaping in front of, or adjacent to certain already developed properties is required to bridge missing gaps, and/or where the future development or redevelopment of existing property is not likely to occur in the foreseeable future, the City Council may deem it appropriate to retrofit or fill such gaps.

After installation, it is City policy that the servicing, operation, maintenance, repair and replacement of the lighting, landscaping, local street paving, parks and appurtenant facilities in turn become the financial responsibility of the properties that specially benefit from the facilities.

The City's lighting, landscape, local street paving and parks maintenance and replacement program is administered according to the provisions of Proposition 218 (Article XIID of the California Constitution), Chapter 10 of Title 7 of the Municipal Code, which was added by Ordinance No. 2006-01 of the City of Lemoore, the Proposition 218 Omnibus Implementation Act (Government Code Sections 53750 through 53754) and, to the extent applicable, the Landscaping and Lighting Act of 1972 (Streets and Highways Code Part 2, Division 15).

The City cannot feasibly fund by any other method the maintenance and required periodic replacement of such facilities which must be installed with new development. Therefore, the City has determined that such maintenance, operation, repair and replacement should be funded through usage of the assessments on properties within the boundaries of Public Facilities Maintenance District No. 1. The property owners in each Zone of said District enjoy a special benefit from these facilities within the applicable Zone, over and above the general benefits received by these property owners and the public generally, and the assessments levied under this District fund such benefit.

Payment of the assessments will be made in the same manner and at the same time in as the ad valorem property tax for each lot and parcel.

The annual assessment proceedings will be conducted under Ordinance No. 2006-01, Proposition 218, the Proposition 218 Omnibus Implementation Act and, to the extent applicable, the Landscaping and Lighting

Act of 1972, Sections 22500 through 22679, Part 2, Division 15, of the Streets and Highways Code of the State of California.

The City Council of the City of Lemoore will set the time and place for a public hearing in the Resolution of Intention.

Notice of the public hearing will be given by publishing the Resolution of Intention once, at least 10 days before the date set for the public hearing.

After reviewing testimony, as well as the projected year's costs for the servicing, maintenance, repair and replacement of the facilities in the District as herein described, the City Council will set and levy the assessments for Zones 1, 2, 3, 4, 5, and 6 of the District for fiscal year 2014-2015, which runs between July 1 and June 30.

This report contains the necessary data required to conduct the proceedings and is submitted to the Clerk of the City for filing.

EXHIBIT C

RATE AND METHOD OF ASSESSMENT

General Discussion

The improvements described in Exhibit “A” are provided for the particular, distinct special benefit directly received by each lot or parcel in each benefit Zone of the District, above the benefit received by these lots and parcels or the public generally. Each lot or parcel has been determined to directly and specially benefit proportionally by Equivalent Dwelling Unit (EDU).

City noticing and County administrative expenses will be apportioned to each lot or parcel as one unit of assessment for each lot/parcel.

The annual maintenance, operation, repair and periodic replacement costs of the facilities and improvements benefiting Zones 1, 2, 3, 4, 5, 6, and 6A of the District described in Exhibit “A” of this Report, are estimated in Exhibit “B.”

The City is unable to provide funds for such maintenance, operation, repair and periodic replacement of the described facilities and improvements. The facilities and improvements and their maintenance, operation, repair and periodic replacement provide equally for each lot and parcel in the District essential safety, lighting, property access, security and aesthetically-pleasing public right-of-way landscaping not available to the general community. The value, accessibility, appearance, safety and use of each lot and parcel in the District are significantly and directly enhanced by regular maintenance and periodic replacement of these facilities and improvements. These are special benefits distinct and particular to the lots and parcels in this District and not realized by the general community. Therefore, annual maintenance, operation, repair and periodic replacement of the described facilities and improvements, and the funding thereof, provide direct special benefits to the lots and parcels in each Zone of the District, over and above general benefits conferred on real property in the Zone or to the public at large.

Moreover, the Engineer has determined that each individual lot and parcel in each Zone in the District established by a recorded final subdivision is benefited equally by such annual maintenance and periodic replacement. Each assessed lot and parcel contains, or will contain in accord with the City’s development approvals, a single dwelling unit. Each lot and parcel, within a particular Zone, therefore derives the same proportionate special benefit from the assessed facilities and improvements and their regular maintenance and periodic replacement.

Accordingly, the individual annual assessment for each lot and parcel in each Zone in the District (the “Maximum Annual Assessment”) is determined by dividing the total estimated costs of annual maintenance and replacement and related notice and processing fees (for fiscal year 2015-16, set forth in Exhibit “B”) by the total number of lots and parcels in the Zone. The costs of such maintenance and periodic replacement will increase each year. In order to assure continued adequacy of the financing of such costs and, therefore, the continued special benefits to the lots and parcels in the District, the Maximum Annual Assessment shall be comparably and automatically increased each fiscal year to cover the maintenance and replacement cost increases. The annual increase in the Maximum Annual Assessment shall be in accordance with increases in the Employment Cost Index for total compensation for State and Local Government Workers (the “Index”), published quarterly by the U.S. Bureau of Labor Statistics. Increases in the Index will track comparably to increases in the costs of annual maintenance and periodic replacement of the described facilities and improvements, since the majority of the maintenance and replacement work is and will be done by City employees.

Therefore, the annual assessment each fiscal year on each lot and parcel in the District shall be determined and levied according to the above rate and methodology up to, but not more than, the Maximum Annual Assessment as increased for that fiscal year by the Index. The actual annual assessments may be less than or up to the Maximum Annual Assessment, as so increased, but cannot exceed the Maximum Annual Assessment, as so increased, without approval in a property owner ballot proceeding under Proposition 218 and the Proposition 218 Omnibus Implementation Act. This methodology for determining Maximum Annual Assessments, including annual increases according to the Index, was approved by a majority of property owners at a duly noticed and conducted property owner ballot proceeding in 2006 for Zone 1, in 2007 for Zone 2, in 2008 for Zones 3 and 4, 2012 for Zone 5, and 2013 for Zone 6. Therefore, no additional property ballot proceeding will be required to increase the annual assessments according to the Index, up to the Maximum Annual Assessment.

The actual assessment and Maximum Annual Assessment on each lot and parcel in Zones 1, 2, 3, 4, 5, 6, and 6A of the District for fiscal year 2014-15 is set forth in Exhibit “D” of this Report. The Maximum Annual Assessments proposed within Zones 1, 2, 3, 4, 5, and 6 are proposed to increase from the previous fiscal year.

Hearing Dates

A hearing will be held at the regularly scheduled City Council meeting on August 4, 2015. Individuals will be allowed to give testimony. Final assessments will be amended or adopted on Zones 1, 2, 3, 4, 5, 6, and 6A at this meeting. The County shall be notified of the final assessment amounts.
