**RE: CGIA Training**

.....

On August 18- August 21, 2015, I attended the California Gang Investigators Association training in Anaheim California. Some of the courses offered during this training were: Hispanic Gangs, Expert Testimony, Gang Injunctions, Prison Gangs/Influence on Street Gangs, and Social Media and Gangs. Being a newly appointed Officer to the Kings County Gang Task Force, this training gave me a better understanding of criminal street gangs.
