**Project Title:** Lemoore General Plan Update

**Local Government:** City of Lemoore Contact Person: Holly Smyth  
Planning and Community Development Department Phone: (559) 924-6742  
Street Address: 210 Fox Street Fax: (559) 707-4616  
City: Lemoore Zip: 93245

**Project Location:**

County: Kings City/Community: City of Lemoore

**Local Action Type:**

☒ General Plan ☐ General Plan Element ☐ Specific Plan  
☐ General Plan Amendment ☐ Specific Plan Amendment  
☐ Pre-Planning Outreach Activity

**Project Description:**

The City of Lemoore is currently updating its General Plan. The Planning Area boundaries for the 2030 General Plan are illustrated in the attached figure. The Planning Area includes land that is of interest for long-term planning, including surrounding agricultural land. Being included within the Planning Area does not necessarily mean that the City is considering annexation.

Re: Tribal Consultation List Per Government Code 65352.3 (SB 18) for General Plan  
Amendment/Update for the City of Lemoore, Kings County, California

Dear Ms. Smyth:

Government Code §65352.3 requires local governments to consult with California Native American tribes identified by the Native American Heritage Commission (NAHC) for the purpose of protecting, and/or mitigating impacts to cultural places. The Native American Heritage Commission is the state's Trustee Agency for Native American Cultural Resources. Attached is a consultation list of tribes with traditional lands or cultural places located within the Project Area of Potential Effect (APE).

As a part of consultation, the NAHC recommends that local governments conduct record searches through the NAHC and California Historic Resources Information System (CHRIS) to determine if any cultural places are located within the area(s) affected by the proposed action. NAHC Sacred Lands File requests must be made in writing. All requests must include county, USGS quad map name, township, range and section. Local governments should be aware, however, that records maintained by the NAHC and CHRIS are not exhaustive, and a negative response to these searches does not preclude the existence of a cultural place. A tribe may be the only source of information regarding the existence of a cultural place.

The Native American Heritage Commission works with Native American tribal governments regarding its identification of 'Areas of Traditional Use.' The Commission may adjust the submitted data defining the 'Area of Traditional Use' in accordance with generally accepted ethnographic, anthropological, archeological research and oral history. Also, the Area of Traditional Use is an issue appropriate for the government-to-government consultation process.

If you have any questions, please contact me at (916) 653-6251.

Sincerely,

  
Dave Singleton, Program Analyst

Re: Proposed General Plan Update for the City of Lemoore, Kings County.

Dear Mr. Strain:

The Native American Heritage Commission was able to perform a record search of its Sacred Lands File (SLF) for the affected project area. The SLF failed to indicate the presence of Native American cultural resources in the immediate project area. The absence of specific site information in the Sacred Lands File does not guarantee the absence of cultural resources in any 'area of potential effect (APE).'

Early consultation with Native American tribes in your area is the best way to avoid unanticipated discoveries once a project is underway. Enclosed are the nearest tribes that may have knowledge of cultural resources in the project area. A List of Native American contacts are attached to assist you. The Commission makes no recommendation of a single individual or group over another. It is advisable to contact the person listed; if they cannot supply you with specific information about the impact on cultural resources, they may be able to refer you to another tribe or person knowledgeable of the cultural resources in or near the affected project area (APE).

Lack of surface evidence of archeological resources does not preclude the existence of archeological resources. Lead agencies should consider avoidance, as defined in Section 15370 of the California Environmental Quality Act (CEQA) when significant cultural resources could be affected by a project. Also, Public Resources Code Section 5097.98 and Health & Safety Code Section 7050.5 provide for provisions for accidentally discovered archeological resources during construction and mandate the processes to be followed in the event of an accidental discovery of any human remains in a project location other than a 'dedicated cemetery. Discussion of these should be included in your environmental documents, as appropriate.

If you have any questions about this response to your request, please do not hesitate to contact me at (916) 653-6251.

Sincerely,

  
Dave Singleton  
Program Analyst

Re: Tribal Consultation pursuant to California Government  
Code 65352.3 & 65562.5 (SB-18)

Dear Ms. Grant:

This is an invitation to consult on local development projects within our jurisdiction pursuant to Senate Bill 18, signed into law by Governor Arnold Schwarzenegger in September of 2004. The purpose of the consultations is to ensure the protection of California Native American Cultural Resources. The purpose is also to involve tribal governments in land use planning decisions and issues at the local government level.

In the Tribal Consultation Guidelines issued by the Governor's Office of Planning and Research in November 2005, early consultation with tribes is encouraged through a "Pre-consultation" process in order to provide for full public input on potential and actual development projects and avoid costly delays.

This local government is committed to an on-going relationship with local tribal governments. This is the purpose of "Pre-consultation," we prefer not to wait until a single project emerges, at the last minute, but to begin the consultation dialogue well in advance. Further, we understand that much of the content of the consultation will be confidential and will include but not be limited to the relationship of proposed projects to Native American cultural values, burial sites, known or unknown, art features and artifacts, ceremonial sites and sacred shrines and traditional beliefs and practices.

Enclosed is the proposed amendments to our General Plan, for your review. We would like to schedule a consultation meeting with you individually, or in a group session, whichever you prefer. We will contact you within the next week to set up an appointment based on your schedule.

Sincerely,

H. Smyth  
Planning Director
