

FRANK GORNICK

Age: 74

Occupation: Retired/ Chancellor West Hills Community College District

My family and I have lived in Lemoore for more than 25 years. I retired from West Hills as chancellor three years ago. Along with the taxpayers, donors and Trustees of the West Hills Community College District, we brought a 300-million-dollar College to our city.

During my 40-year career in higher education, I managed budgets that exceeded 100 million dollars, worked with numerous agencies and elected officials at the Local, State and Federal level to leverage our local tax dollars for the benefit of students, employers, the community, and our region.

My intention is to contribute to the skills of the council as we work together to maximize the potential of the City of Lemoore.

Specifically, my priorities include: the economic development of our city, the support of our schools and the use of technology to improve the municipal services for our citizens, while maintaining our fiscal integrity.

I would be honored to have your vote.

Respectfully,

Frank Gornick
