**Subject:** Re: Zoning No. 2021-01

NHC/Farm Lemoore, LLC principals/founders are under active investigation by the FBI & US Marshals service in San Luis Obispo (read search warrants/raids) for Mexican cartel ties and forced labor and other issues. Do we really need that increased presence in Lemoore?

I (and neighbors) are writing to oppose the zoning change for the NE corner of 19 1/2 & Cedar (9.1 acres of Lemoore city land) from Parks and Recreation to Public Office usage. We would welcome a true park and rec usage of the land or even a commercial use as in housing or retail.

We do not agree to the proposed change from Parks and Rec to Professional Office on this APN, specifically because of the recent "light cannabis manufacturing" usage approval of that inclusion by the city council and the fact that it should be PR land.

Furthermore, the city has engaged in allowing city land to be sold for pennies on the dollar to developers and cannabis entities to try and garner tax revenue.

Furthermore, the parcel in question was already denied a permit due to citizen input and is now apparently part of a \$1.7M deal between Kashian / Farm Lemoore LLC / NHC and is likely to become a cannabis manufacturing facility. The city gave this land to Kashian for \$1 and gave him 19 1/2 Cedar for \$10 only to have it all go to weed. Show us the money!!!
