

WHAT YOU NEED TO KNOW ABOUT

BUSINESS RECYCLING

Why recycle?

- State law now requires all businesses that generate 4 or more cubic yards of waste weekly to recycle.
- Recycling may provide opportunities for your business to save money.
- Recycling helps conserve resources and extends the life of California's landfills. It also helps create a healthy environment for our community and future generations.

How to get started

- Make sure your business has arranged for recycling services.
- Use the list on the other side of this flyer to help employees learn what items can be recycled.
- Separate recyclable items from trash inside your business.
- Place your recyclable items in external recycling containers, if available, for collection.
- **Note:** Any business or individual may donate, sell and/or otherwise arrange for the pickup of recyclable materials.
