ADDENDUM NO. 2
REQUEST FOR PROPOSALS

ON-CALL GEOTECHNICAL ENGINEERING, SOILS AND MATERIALS TESTING SERVICES

Issue Date: July 15, 2026

This Addendum No. 2 forms a part of the Request for Proposals (RFP) and Contract Documents and shall take precedence over any inconsistent provisions. All proposers shall acknowledge receipt of this Addendum.

Clarification No. 1 – Proposal Submittal Requirements

The City has received a request for clarification regarding the separation of the Qualifications Proposal (Package A) and the Sealed Rate Schedule (Package B).

The City's intent is that:

Package A – Qualifications Proposal

- Shall contain qualifications-based information only.
- Shall include required certifications, acknowledgments, licenses, and other required non-pricing forms.
- Shall not contain any pricing, rates, fee schedules, hourly rates, unit prices, or other cost information.

Package B – Sealed Rate Schedule

- Shall contain all pricing-related information, including fee schedules, hourly rates, unit prices, and other cost information required by the RFP.

If a required form contains both qualifications-related information and pricing information, the proposer shall submit the non-pricing portions in Package A and the pricing portions in Package B.

The City will evaluate qualifications independently of pricing in accordance with Addendum No. 1.

Except as modified herein, all other terms and conditions of the RFP remain unchanged.
